Christian County Natural Hazards Mitigation Plan 2009 update

Date: January 20, 2010

To: Local Jurisdictions, School Districts, and Other Key Stakeholders

From: Dave Faucett
Southwest Missouri Council of Governments

Re: Plan Review and Advisory Committee Meeting

Christian County Natural Hazard Mitigation Plan Update Meeting
Christian County Courthouse
100 W. Church Street, 2nd Floor Courtroom
Ozark, MO
Tuesday, January 26th, 2009
2:00 – 3:00 p.m

The purpose of this meeting will be to review the updated Chapter 2 (community profile) information for correctness and accuracy. In addition, we will be beginning to plan for future meetings concerning vulnerability and capability assessment in advance of evaluating and reviewing proposed updates to the 2005 Hazards Mitigation Plan’s goals, objectives and strategies.

There will also be an opportunity for jurisdictions that were unable to attend the Kick-Off meeting in December to be brought up to speed in terms of their responsibilities and participation requirements to ensure that they maintain eligibility for federal mitigation grant funding and programs.

We look forward to the participation of your jurisdiction in the plan update process and encourage your questions, comments, and input. Your participation is of extremely high value to the planning process. It is in your best interest as well as others involved to make sure that the needs of your organization are being addressed in the Hazards Mitigation Plan.

If you have any questions about the meetings or the plan update process, or are unable to attend this meeting and represent a jurisdiction that has not participated in the process to date, please contact myself or Diane May by phone at 417 836-3191 or 417-836-6900, ext 1, or at faucett39@live.missouristate.edu or dianemay@missouristate.edu.

Thanks
